Re: New Lakeridge Health Ocean eReferral/eRequisition Forms and Upcoming Seminars

Dear valued health-care partner,

We are excited to share that Lakeridge Health is expanding the use of electronic referrals (eReferrals) and electronic requisitions (eRequisitions) across our programs and services by using the Ocean eReferral platform.

Direct links to these eReferrals and eRequisitions can be found on the [Referrals page](#) of the [Lakeridge Health website](#).

The attached document includes more information on:

- How eReferrals and eRequisitions will benefit your practice.
- How to [sign-up](#) as a free sender and/or become a destination.
- How to [join an upcoming webinar](#) being hosted by the Ontario Health East Team where you will learn more about how to eRefer, track, and message as senders and receivers of an eReferral and/or eRequisition.

For further general information, visit the [Ocean Healthmap website](#) or email contact@ereferralontarioeast.ca.

Thank you for your continued support as we work together in the delivery of high-quality, integrated care.

Sincerely,

Dr. Randy Wax
Chief of Staff

Dr. Ilan Lenga
Chief Information Officer and Regional Chief
Medical Information Officer

... and more!

Benefits for Your Practice

Searchable **map-based directory** with customized listings.

- Sort by **distance to your patient's home** or wait time.

Receive **real-time status updates** as the referral and/or requisition is accepted, declined, appointment is booked, etc.

Customized referral and requisition forms to ensure **appropriate and complete referrals and requisitions**.

- Ability to **add attachments** (imaging, labs, etc.).

Keep your patients informed through automatic email notifications.

- Patient can be emailed when the referral and/or requisition is sent, appointment booked, and with appointment reminders.

There should **never be a cost to send** an Ocean eReferral and/or eRequisition.

Want to Learn More? Participate in an Upcoming Webinar!

From **July to September**, the Ontario Health East Team will be hosting a series of webinars to highlight how easy it is to eRefer, track, and message as senders and receivers of an eReferral and/or eRequisition.

These sessions will be catered to users of each of the integrated EMRs with morning, afternoon, and evening webinars to help accommodate various schedules.

To view the list of upcoming webinars, including how to register [visit this Ontario Health East webpage](#).
